Transgender share the same hopes and dreams as any other individual in our society. 58% of Transgender students drop out before completing 10th grade \(24% of Transgender students drop out even before completion of 9th grade\). Reasons for this include- severe harassment making studies impossible and other gender-related negative experiences at school. In order to help such school dropouts continue their education, Social Justice Department has implemented a scholarship scheme for Transgender. The transgender community is still ostracized in society and cannot take up job offers or continue their education due to a lack of accommodation facilities.
