However, applicants should have undergone a training program organized by the Fisheries Department/ MPEDA/ ICAR to fulfill the eligibility criteria. The training content and duration may vary based on the organizing institution. Is there a specific format for the estimate of the proposed construction work, and who approves it?The estimate of the proposed construction work should be in a detailed plan/layout format and approved by the engineer attached to V.P/ Municipality/ BDO/ PWD. This is an essential part of the documentation for the application. What are the specific criteria for ownership of land, and how does it affect the eligibility for the scheme?Land ownership can be either freehold or on lease. For owners, a copy of the land deed and Form 1 & XIV are required. For lessees, an NOC from the landowner and a registered lease agreement are necessary. Ownership details impact the eligibility criteria for the scheme. Can the application form be submitted electronically, or is it only accepted in hard copy?The application for the "Financial Assistance for setting up of Ornamental Fish Unit in Goa" scheme is accepted only in offline mode. Applicants need to submit the duly filled and signed hard copy of the application form along with the required documents to the designated authority. What is the process for submitting a complaint about the service or its standards to the Grievance Redressal Officer?Complaints about any service or its standards can be registered with the Department's Grievance Redressal Officer. The grievance can also be lodged via the link dir-fish.goa@nic.in. The Department acknowledges all complaints and communicates the final action within 30 days. Is there a specific format for the design/layout of the Ornamental Unit that applicants need to follow?Yes, the design/layout of the Ornamental Unit should be submitted with the application. It should adhere to the approved detailed plan and layout, ensuring compliance with the construction work estimates. How does the Department handle grievances, and what is the expected timeline for grievance resolution?Grievances can be registered with the Department's Grievance Redressal Officer via dir-fish.goa@nic.in. The Department acknowledges all complaints and communicates the final action within 30 days. What are the repercussions if the information furnished in the application is found to be false?If the information is found to be false or if there is any deviation or violation of the conditions, the application is liable to be rejected. Can an applicant propose multiple Ornamental Units at different locations in a single application?The application form allows providing details for a single Ornamental Unit. If an applicant intends to propose multiple units at different locations, separate applications should be submitted for each unit. How does the Department verify the documents submitted with the application?The documents submitted with the application are verified by a Gazetted Officer or through self-attestation. This ensures the authenticity of the provided information. What is the significance of the mandate form in the application process?The mandate form is essential for providing bank account details. It should be enclosed with the application and includes information on the bank account, such as the name of the bank, branch, and a copy of the passbook. What is the maximum financial assistance limit for setting up both a Breeding Unit and a Rearing Unit under the scheme?The financial assistance limit for setting up both a Breeding Unit and a Rearing Unit is 50% of the actual cost, limited to â¬ 2,50,000.
