Through this scheme, the micro, small and medium industrial units (manufacturing and service sector) shall be eligible for the grant of 50% subsidy with a cap of â¹5,00,000/- per industrial unit on the investment made on or after 5-3-2009 on generator sets. The applications are accepted offline in the prescribed form available on the Official Website of the Department.Benefits50% subsidy with a cap of â¹5,00,000/- per industrial unit.EligibilityThe applicant should be a micro/ small/ medium industrial unit.The unit should be from the manufacturing sector or service sector.The unit should have made investment on generator sets.The unit should have made investment on or after 5th March 2009.Application ProcessOfflineStep 1: The industrial unit should register the claim for the grant of incentive/subsidy in the prescribed form available on the Official Website of the Directorate of Industries and Commerce, Puducherry.Step 2: In the application form, fill in all the mandatory fields, and attach copies of all the mandatory documents (self-attest, if required).Step 3: The unit should submit the duly filled and signed application form and the documents to the concerned authority.Step 4: Request a receipt or acknowledgement from the concerned authority to whom the application form has been submitted. Ensure that the receipt contains essential details such as the date and time of submission, and a unique identification number (if applicable). *The applications will be processed by the Industries Department to obtain sanctions. These cases need not be placed before the said State Level Committee.ï»¿Application DeadlineFor New UnitsWithin one year from the date of commencement of obtaining the Entrepreneurs Memorandum Part-2/ Permanent Registration/ Commencement of Production Certificate.For Existing UnitsWithin one year of completion of Expansion/ Diversification/ Modernization.Documents RequiredEntrepreneurs Memorandum Part-2 (UAM/ PMT) Registration/ Commencement of Production Certificate.Caste certificate from the competent authority in the case of Scheduled Caste/Scheduled Tribe (SC/ST) Entrepreneurs.Loan Sanction Letter.Purchase Invoices for Plant & Machinery/ Pollution Equipment/ Generator.Chartered Accountant Certificate for the Investment in Fixed Assets / Pollution Control Equipment / Generator.Month-wise Interest Paid Statement from the Finance Institution/Bank Along with No-due Certificate.List of Employees Covered Under the Provident Fund Scheme Along with Wage/Salary Payment Particulars.Provident Fund Remittance for the Claiming Period.Notary Affidavit.Frequently Asked QuestionsAre there any specific deadlines for submitting applications for new and existing industrial units?New units must apply within one year from obtaining the Entrepreneurs Memorandum Part-2/Permanent Registration/Commencement of Production Certificate. Existing units must apply within one year of completing Expansion/Diversification/Modernization. How are applications processed for the Generator Subsidy scheme?The Industries Department processes applications to obtain sanctions without needing to be placed before the State Level Committee. What are the benefits provided under the Generator Subsidy scheme?Eligible industrial units receive a 50% subsidy, with a maximum cap of â¹5,00,000 per unit, on their investment in generator sets. Can you provide examples of the types of investments in generator sets that are eligible for the subsidy?Investments in generator sets for power backup during production processes, emergencies, or to ensure uninterrupted operations are typically eligible for the subsidy. Are there any restrictions on the size or capacity of the generator sets for which the subsidy can be claimed?The scheme does not impose specific restrictions on the size or capacity of the generator sets, but the investment made should comply with industry standards and requirements. Can an industrial unit apply for the Generator Subsidy if it has purchased a generator set before the specified date of eligibility?No, the scheme specifies that investments in generator sets made on or after 5th March 2009 are eligible for the subsidy. Purchases made before this date would not qualify for subsidy benefits. How does the government verify the authenticity of the investments made in generator sets by industrial units applying for the subsidy?The government may conduct audits or inspections, and applicants are required to submit supporting documents such as purchase invoices, chartered accountant certificates, and other relevant financial records. Is there any provision for industrial units to claim reimbursement for expenses related to generator maintenance or fuel costs under this scheme?The Generator Subsidy scheme primarily focuses on providing subsidies for investments in generator sets and does not typically cover ongoing maintenance or fuel costs. Are there any specific conditions or obligations imposed on industrial units receiving the Generator Subsidy regarding the usage or disposal of the subsidized generator sets?Industrial units may be required to adhere to usage guidelines, maintain records of generator set operations, and ensure proper disposal or decommissioning of equipment at the end of its lifecycle, in accordance with environmental regulations. How does the government determine the subsidy amount for each industrial unit under the Generator Subsidy scheme?The subsidy amount is typically calculated as 50% of the total investment made by the industrial unit on eligible generator sets, up to a maximum cap of â¹5,00,000 per unit, as per the scheme guidelines. Are there any tax benefits or exemptions associated with the investments in generator sets subsidized under this scheme? Industrial units may be eligible for tax benefits or exemptions on the investments made in generator sets, subject to applicable tax laws and regulations.
