The subsidy is provided on a first-come-first-serve basis, and the number of rams provided under the scheme is limited.ï¿½Introduction:Sheep rearing is one of the main occupations of the people in Himachal Pradesh. Rampur Bushari and Gaddi breeds of Himachal Pradesh are famous for indigenous carpet wool production in the Country. The total sheep population in the State is 8.05 lakh. As per norms, one breeding ram is required per 20-25 sheep. keeping in view a breedable population of approx. 3.00 lakh sheep in the State, at least 12,000 rams are required, whereas the department is able to provide only 250-300 rams from its Farms. Hence, it is being proposed to provide High Genetic Merit breeding rams of Rambouillet and Russian Merino breeds and their crosses in a phased manner after purchasing from Farms/progressive breeders of the state and neighboring States and to provide these to sheep breeders at 60% subsidy.ï¿½The objective of the Scheme:Genetic improvement of indigenous Sheep breeds and dissemination of Superior Germplasm amongst the migratory flocks of sheep in H.P.To improve the Quality and Quantity of meat and wool being produced in the state, thereby ensuring better economic returns to the Sheep Breeders.To resolve the problem of inbreeding amongst the migratory sheep flocks of Tribal Sheep Breeders.ï¿½Key features:ï¿½Subsidized Rams: The scheme provides rams of superior breeds at subsidized rates to eligible sheep breeders.Superior Breeds: The rams provided under the scheme are of superior breeds such as Merino, Rambouillet, and Hampshire.Eligibility Criteria: The scheme is open to all registered sheep breeders in Himachal Pradesh.ï¿½Overall, the Scheme of Provision of subsidized Rams to Sheep Breeders in Himachal Pradesh is a helpful program for sheep breeders who want to adopt modern and scientific methods of sheep breeding. By providing them with superior breed rams at subsidized rates, the scheme aims to increase the productivity and profitability of sheep farming in the state.ï¿½BenefitsThis Scheme of Provision of subsidized Rams to Sheep Breeders in Himachal Pradesh can benefit sheep breeders in the state by providing access to superior breed rams, increasing productivity and profitability, and promoting the adoption of modern and scientific methods of sheep breeding. ï¿½Some of the key benefits of this scheme are:Access to superior breed rams: The scheme provides access to high-quality rams of superior breeds such as Merino, Rambouillet, and Hampshire, which can improve the genetic potential of the sheep population and enhance their productivity.Affordable rates: The rams are provided at subsidized rates, which makes them more affordable for sheep breeders who may not have the financial resources to purchase them at market rates.Increased productivity: By providing access to superior breed rams, the scheme can increase the productivity of the sheep population, which can lead to higher wool and meat yields.Improved profitability: The scheme can lead to improved profitability for sheep breeders as higher productivity can result in higher revenues and reduced costs.Adoption of modern methods: The scheme encourages sheep breeders to adopt modern and scientific methods of sheep breeding, which can result in more efficient and effective breeding practices.Employment generation: The scheme can also generate employment opportunities in the sheep farming sector, as increased productivity can lead to increased demand for labor in areas such as shearing, wool sorting, and meat processing.EligibilityThe eligibility criteria for the Scheme of Provision of subsidized Rams to Sheep Breeders in Himachal Pradesh may vary based on the specific guidelines and criteria set by the implementing agency of the scheme. However, here are some general eligibility descriptions given by the Department of Animal Husbandry, Himachal Pradesh:ï¿½A Sheep breeder of H.P. having a flock of at least 25 sheep will be considered for providing ram under this scheme.One ram per 25 Sheep will be allotted. A maximum of two rams will be allotted to one beneficiary.The beneficiary will have to sign an agreement that he will not sell and castrate the allotted ram during the breeding life of the ram.ExclusionsThere may be some possible exclusions to the scheme:ï¿½Non-registered sheep breeders: The scheme may only be open to registered sheep breeders in Himachal Pradesh, which means that non-registered breeders may not be eligible to receive the benefits of the scheme.ï¿½Breeding units with a poor track record: The scheme may exclude breeding units that have a poor track record in sheep farming or have not demonstrated a commitment to adopting modern and scientific methods of sheep breeding.ï¿½Breeding units with insufficient infrastructure: The scheme may require breeding units to have a certain minimum infrastructure, such as adequate shelter, feed, and water facilities for the sheep, and those without sufficient infrastructure may be excluded.ï¿½Non-compliance with animal welfare standards: The scheme may exclude breeding units that do not comply with animal welfare standards or have a history of animal cruelty.ï¿½Application ProcessOnlineThere are some general steps that eligible sheep breeders may need to follow to apply for the scheme:ï¿½Visit Website: [https://hpahdbt.hp.gov.in/Home/sheep\\_breeders](https://hpahdbt.hp.gov.in/Home/sheep_breeders) Fill out the application form: The sheep breeders must fill out the application form with accurate and complete information, including details of their breeding unit, their experience in sheep breeding, and the type and number of rams they require.Attach supporting documents: The sheep breeders must attach supporting documents such as their registration certificate, land ownership/leasehold rights documents, and other relevant documents as required by the scheme guidelines.Submit the application form: The completed application form and supporting documents must be submitted to the designated authority responsible for implementing the scheme. The application may be submitted online as specified in the scheme guidelines.Verification and approval: The designated authority will verify the application and the supporting documents submitted by the sheep breeder. If the application meets the eligibility criteria and other requirements specified in the scheme guidelines, the authority may approve the application and allocate the subsidized rams to the sheep breeder.Receipt of subsidized rams: Once the application is approved, the sheep breeder may receive the subsidized rams from the designated authority as per the scheme guidelines.ï¿½Eligible sheep breeders should refer to the official scheme guidelines and contact the relevant authorities for more information on the application process.Documents Requiredï¿½Linkï¿½ï¿½ï¿½Details are available on the reference website.[https://hpahdbt.hp.gov.in/Home/sheep\\_breeders](https://hpahdbt.hp.gov.in/Home/sheep_breeders) Frequently Asked QuestionsWho is the Eligible Beneficiaries?Sheep Breeders belonging to all Categories of Himachal Pradesh.What are the Eligibility Criteria?1.
