PlantationProduct DevelopmentQuality Planting MaterialDetailsResultant to this historic amendment, bamboo grown in the non-forest
area is out of the scope of regulations on the forest produces. During the year 2022-23, the NBM has been merged with Mission for
Integrated Development of Horticulture (MIDH) scheme. »¿The restructured National Bamboo Mission primarily focuses on the
development of complete value chain of bamboo sector to link growers with consumers starting from planting material, plantation,
creation of facilities, skilled manpower and brand processing marketing, micro, small & medium enterprises, skilled manpower and brand building initiative in a cluster approach mode. Presently the scheme is being implemented in 24 States/UTs. The NBM has
provisions to raise bamboo plantations as well as to establish units for bio-energy extraction, activated carbon product, charcoal making,
pellet making, Ethanol gasifier, etc for government agencies and private entrepreneurs.»¿NBM also envisaged to revitalise the bamboo
industry through various innovations and policy support that would contribute by reducing the carbon emission and contribute to
domestic manufacturing.»¿The key objectives of the Mission are as follows:â To increase the area under bamboo plantation in non-
forest Government and private lands to supplement farm income and contribute towards resilience to climate change as well as
availability of quality raw material requirement of industries. The bamboo plantations will be promoted predominantly in farmersâ™
fields, homesteads, community lands, arable wastelands, and along irrigation canals, water bodies etc.â To improve post-harvest
management through establishment of innovative primary processing units near the source of production, primary treatment and
seasoning plants, preservation technologies and market infrastructure.â To promote product development keeping in view market
demand, by assisting R&D, entrepreneurship & business models at micro, small and medium levels and feed bigger industry.â To
rejuvenate the underdeveloped bamboo industry in Indiaâ To promote skill development, capacity building, awareness generation for
development of bamboo sector from production to market demand.â To realign efforts to reduce dependency on import of bamboo and
bamboo products by way of improved productivity and suitability of domestic raw material for industry, so as to enhance income of the
primary producers.»¿BenefitsThe scheme targets to provide following benefits:1) It would assist farmers, government agencies, artisans,
entrepreneurs, private agencies, Federated SHGs, FPOs, and other persons involved in bamboo industry2) It will help in establishing
bamboo nursery, bamboo cultivation, post-harvest processing, product manufacturing, capacity building, entrepreneurship, etc for the
industry3) It will help in creating self-dependency for fulfilling the demand of bamboo and bamboo products.EligibilityThe scheme is
applicable to all farmers in IndiaApplication ProcessOnlineRefer to respective State's Bamboo Mission Portal for online link»¿Step 01:
Application to State Bamboo Mission through their respective portals/offlineStep 02: Scrutiny and approval of the SBMStep 03: credit
linked financing through scheduled/commercial banksStep 04: progress reporting/completion of projectsStep 05: evaluation by SBM and
