**Arunachal Pradesh Chief Minister's Agriculture Mechanisation Programme**

**Agriculture Farmer Financial Assistance Mechanisation Subsidy Details**

Raising Govt. assistance in consideration of the high cost of Farm Machineries shall be a boon in the entire farm operation in the state as more than 70% population is directly dependent on agriculture. Considering this, the existing Farm Mechanisation Programme (under implementation jointly by the Govt. of India and State Govt.) is renamed into CM's Agriculture Mechanisation Programme, which was approved by raising the State share subsidy against the distribution of Farm Machineries.

**Objective:** To promote mechanization with the law of farm availability. To provide hiring services for various agriculture Machinery/ Implements of post-harvest technology (PHY) equipment applied for different operations. To expand mechanized activities during cropping seasons in large areas, especially in small and marginal land holdings. To introduce improved, newly developed agriculture implements and machines in crop production. To attain food and farm income security with the enhancement of area under different food and cash crops and transition from obsolete farm practices into technology-based improved farming operations.

**Important Features:** District Agriculture Development Society (DADS) is authorized to select the beneficiaries as per Chief Minister's Sashakt Kisan Yojana-CM SKY. Records of CHC are to be maintained with details of hiring charges by the beneficiary and should be authenticated by District Agriculture Officer. All Custom Hiring Centers (CHCs) should be Geo-tagged and registered in the portal of the Monitoring & Training division of the Government of India. Every beneficiary will have to contribute ₹6.00 lakh per CHC. The subsidy is to be paid only at the source to the dealer of the company.

**Benefits Subsidized Agriculture Machinery**

The assistance of tractor subsidies to progressive farmers/ registered co-operative agriculture farming society/ unemployed agriculture and allied graduates belonging to APST in all the districts. For marginal and small farmers, farm machines such as Power tillers, Water pump sets, etc. as mentioned in the table below are to be distributed as per demand.
