It is the foremost symbol of countryâs commitment to its children and nursing mothers, as a response to the challenge of providing pre-school non-formal education on one hand and breaking the vicious cycle of malnutrition, morbidity, reduced learning capacity and mortality on the other. The beneficiaries under the Scheme are children in the age group of 0-6 years, pregnant women, and lactating mothers. ï»¿To reduce mortality morbidity and malnutrition among the children in U.T of Chandigarh, the ICDS project was started on 1.8.1979 with 24 anganwadi centres. At present there are 3 ICDS Projects comprising of 450 anganwadi centres covering an approx. population of over 5.50 lac in peripheral areas, villages, colonies, and slum areas.ï»¿ï»¿BenefitsSupplementary NutritionImmunizationHealth Check-upReferral ServicesPre-School EducationNutrition & Health Educationï»¿Three of the six services viz. immunization, health check-up and referral services are related to health and are provided through National Health Mission and Public Health Infrastructure. The services are offered at Anganwadi Centers through Anganwadi Workers \(AWWs\) and Anganwadi Helpers \(AWhs\) at grassroots level.EligibilityChildren in the age group of 0-6 years.Pregnant women.Lactating mothers.Women from age group 14-18 years of UT Chandigarh.
