Apart from this, free mini kits are to be provided to the farmers living below the poverty line. So that the farmers of the state take steps towards prosperity and self-reliance by producing seeds in their fields. And they can be encouraged to produce seeds for use in their farm. By getting the benefit of this scheme, farmers will be able to produce good crops at low cost. Due to this their economic condition will also increase.](#)[This scheme of state funds was started as a pilot project in the Kota, Bhilwara, and Udaipur agriculture blocks of the state. By expanding the scheme from the year 2018-19, the scheme is being implemented in all the blocks of the state.](#)[»à¸Under the plan:-](#)[Selection of crop:-](#) Seed production program of notified varieties of jowar, soyabean, groundnut, moong, moth, and urad in the Kharif season and wheat, barley, and gram crops of less than 10 years duration in the Rabi season.[Formation of farmers group:-](#) Under the scheme, a group is formed by selecting farmers who are progressive and interested in the cultivation of a particular crop. Selection of 30 to 50 farmers in each group, by whom the area sown of that crop would be generally 50 to 100 hectares.[Selection of seed producer members in the group:-](#) As per requirement, 2-4 seed-producing farmers are selected from the farmer group by the group itself. The rest of the group will be those farmers who will use the above-produced seeds for sowing in the coming year.[Free seed distribution:-](#) Provision to make available the desired base/certified seeds (Stage-I) free of cost to the seed-producing farmers of each farmer group.[Training and Rogging for seed production:-](#) There is a provision to spend Rs.30/- per farmer and a maximum of Rs.1500/- per training on one-day training of a group. Three one-day training programs are organized to give complete information about the seed production process to the farmers of the group. Payment to be made to farmers for Rogging (Rs.1000/- /Hect.) DBT/RTGS to the concerned seed producer is done on the account of the farmer.[Benefits](#)[The seeds produced by the group of farmers will be used by the rest of the farmers for production in the next year.](#)[Eligibility](#)[Farmers, who are interested in progressive and crop-specific farming.
